

## APPENDIX i

### Introduction to Appendices

The six appendices presented in this book provide data on the overall Installation Restoration program.

#### APPENDIX A

Installation Total Status. This appendix presents program phase data by state (alphabetically) and under each state, by installation (alphabetically). A list of the acronyms used in Appendix A and B is given below.

#### APPENDIX B

Status Totals. This appendix presents program totals broken down by funding type (BRAC or ER,N), regulatory cleanup program (CERCLA, UST, or RCRA), NPL and totals for the program. A list of the acronyms used in Appendix A and B is given below.

#### APPENDIX C

Installations With Assessment Complete and No Sites Identified. This appendix lists the Navy and Marine Corps installation for which a Preliminary Assessment (or an Initial Assessment Study) was completed and no sites were identified that required further study or cleanup.

#### APPENDIX D

Installations With All Response Actions Completed. This appendix provides a list of all installation at which cleanup is 100% complete at all sites.

#### APPENDIX E

Information Repositories. This appendix provides an alphabetical list of the publicly available information repositories for each installation in the IR program. The table provides the name of the library, the street address, and phone number when available.

#### APPENDIX F

Regulatory Summary. This appendix provides a brief summary of the various applicable environmental laws and regulations that apply to sites in the Installation Restoration program.

# Acronym List for Appendices A and B

## BRAC Round

BRAC I	Base Realignment and Closure Act of 1988
BRAC II	Base Realignment and Closure Act of 1991
BRAC III	Base Realignment and Closure Act of 1993
BRAC IV	Base Realignment and Closure Act of 1995
C	Completed, number of sites with the phase completed
C(ACT)	Completed, number of sites with IRAs completed (number of interim actions completed at the sites)
CAP	Corrective Action Plan (RCRA Underground Storage Tank program)
CERCLA	Comprehensive Environmental Response, Compensation and Liability Act of 1980
CMI	Corrective Measures Implementation (RCRA Corrective Action program)
CMO	Corrective Measures Operation (RCRA Corrective Action program)
DES	Design (RCRA Corrective Action and UST program)
ER, N	Environmental Restoration, Navy funding
F	Future, number of sites with phase to be started in the future
IMP	Implementation (RCRA Underground Storage Tank program)
IMO	Implementation Operation (RCRA Underground Storage Tank program)
IRA	Interim Remedial Action (CERCLA) also includes removal actions
LTM	Long-Term Monitoring

NPL	National Priorities List
PA	Preliminary Assessment (CERCLA program)
RFA	RCRA Facility Assessment (RCRA Corrective Action program)
RI/FS	Remedial Investigation/Feasibility Study (CERCLA program)
RFI/CMS	RCRA Facility Investigation/Corrective Measure Study (RCRA Corrective Action program)
RD	Remedial Design (CERCLA program)
RAC	Remedial Action Construction (CERCLA program)
RAO	Remedial Action Operation (CERCLA program)
RC	Response Complete, all cleanup actions completed
RCRA UST	Resource Conservation and Recovery Act Underground Storage Tank program
RCRA CA	Resource Conservation and Recovery Act Corrective Action Program
SA	Site Assessment (RCRA UST program)
SI	Site Inspection (CERCLA program)
U	Underway, number of sites with phase underway
U(ACT)	Underway, number of sites with IRA underway (number of interim actions underway at the sites )
